Dear President Biden,

On behalf of the Polish American Congress, an umbrella organization representing at least 10 million Polish Americans, I would like to extend to you my sincerest congratulations on your Inauguration as 46th President of the United States of America.

The close alliance between Poland and the United States provided crucial mutual support through the harshest periods of each country's history. For over four centuries, millions of Polish Americans have also been fortunate to call the United States home, and have made immeasurable contributions that endured throughout generations. We are part of the great mosaic that keeps this country together. Your work during the 1990s to include Poland in NATO is remembered and appreciated. We look forward to working with you to build upon your relationship with Poland and the Polish-American Community.

You have entered this office accompanied by the hopes, dreams, and pain of millions of Americans. We wish you and your administration the best as you undertake the onerous task of leading our country during these especially difficult times. Your success is the success of the United States of America. We stand ready to assist you in any way we can to lead the country we love.

Sincerely,

Frank J. Spula
President
