SERVING THE INTERESTS OF POLISH AMERICANS SINCE 1944

February 3, 2022

Official Statement of Polish American Congress

The Polish American Congress would like to express its appreciation to the Biden administration for its decision to deploy additional U.S. military personnel to reinforce NATO allies in Eastern Europe, including Poland. This new deployment is a bold statement that NATO is united in its opposition to the threats of Russian aggression against Ukraine and the entire region.

We welcome this commitment to deter the Russian threat to the security in Central and Eastern Europe.

The Polish American Congress is a national umbrella organization representing at least 10 million Americans of Polish descent. Its membership is comprised of state divisions, fraternal, educational, veteran, religious, cultural, social, business, political organizations, and individual memberships. The mission of the PAC is to unify Americans of Polish descent, fight for their interests, promote respect for Polish heritage and history, and advocate for Poland!
